A Community Response to Heroin

Wednesday, September 21st
7:00-8:30pm

Marquette High School
2351 Clarkson Road
Chesterfield, MO 63017

Wednesday, October 19th
7:00-8:30pm

Rockwood Summit HS
1780 Hawkins Road
Fenton, MO 63026

The St. Louis area is currently experiencing an extremely dangerous epidemic of heroin and prescription painkiller use by teens. Our community experienced over two hundred overdose deaths last year alone! This forum is intended to provide helpful and useful information to the community in order to proactively confront this situation and help stop the epidemic before it gets any worse.

This meeting is open to professionals, parents and students. Speakers will be on hand from the St. Louis County Police Department, the National Council on Alcoholism and Drug Abuse – St. Louis Area and the St. Louis County Children’s Service Fund.

For questions or more information, please call 314-962-3456.
